

What is the Career Fair?

The Rome Business School Career Fair is an in presence talent fair created to support students in boosting their career journey by establishing new professional connections, providing faster networking & interview opportunities which could further develop into employment or placement proposals or other types of professional collaborations. The RBS Career Fair features a selection of +85 employability partners, most of which operating on multinational scale, displaying +340 job offers managed by +200 HR professionals attending the fair.

The job openings presented during the event relate to a vast diversity of professional outlets including sectorial offers within the industries of fashion&luxury, arts & culture, food & beverage, tourism, finance, agribusiness as well as transversal job opportunities within roles of human resources, admin, data science, IT & tech, business development & administration, consulting, digital marketing, marketing & sales, supply chain, corporate communication, project management, to name a few. Furthermore, during our annual editions of RBS Career Fair we offer a selection of exclusive company meetings, masterclasses, and CV revision opportunities focusing on effective candidate performance & job interview process hacks, to allow our students to better refine their effectiveness as candidates.
